Printed versions are available from school districts upon request.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Hendersonville Elementary School, the School of Innovation and Exploration, located in the southern portion of Colleton County, serves approximately 460 students in pre-kindergarten through fifth grade. Students come from a predominately rural setting with 70% African American students, 28% Caucasian students and 2% from other ethnic origins. Our vision at Hendersonville Elementary School is "Every day, every student will experience success with grade level standards in a safe and supportive environment that promotes college and career readiness."

As we transition to the Common Core State Standards, the school provides its students with a well-rounded curriculum that is aligned with the South Carolina State Curriculum Standards. Using a wide array of strategies, technologies, materials and methodologies, highly qualified teachers strive to differentiate their instruction to address the educational needs and learning styles of each student. Analysis of PASS and MAP data in conjunction with subject-specific progress monitoring has strengthened the academic progress of our students. Students received daily small group differentiated instruction in reading and math provided by classroom teachers and interventionists. The Inclusion Model of instructing students with disabilities was continued this year. Students in grades 4-5 also received instruction in single-gender self-contained classes. These educational models promoted classroom community and accommodated individual learning styles. Beginning, mid-year, and end of year assessments assess individual student growth in the areas of language arts and mathematics, guide instruction, and improve student achievement at all grade levels to close achievement gaps where they may exist.

Hendersonville is in its second year of implementation of The System for Teacher and Student Advancement (SC TAP). SC TAP is a comprehensive school reform model that provides opportunities for professional growth, instructionally focused accountability, and multiple career paths. Using this model, teachers are given additional support by mentor and master teachers to strengthen their ability to present lessons using research based strategies, analyze data, and become more reflective in order to effect change in the classroom.

The Positive Behavior Intervention System (PBIS) was continued during the 2013-14 school year. This system promotes positive student behavior and character development on a school wide basis while emphasizing our motto “Be SHARP”. Students who needed additional support participated in a check in, check out mentor program that involved more specific behavior intervention strategies.

Parents provide support to our school through their involvement in programs and activities, such as SIC, PTO, Volunteering, Dr. Seuss Readers, and Mentoring. We welcome parent engagement as a way to strengthen home and school communication. Our goal is to help our students develop as independent thinkers, effective communicators, and lifelong learners with personal responsibility and good moral character.

We appreciate your support of our hard working, talented staff and children as we work as a “Family”. A family who cares and respects each other with the expectation that everyone is to achieve their personal best! We are committed to the continued growth and development of our students, and we welcome you to “Bee-lieve and Achieve” with our Sharp Attitudes and Visions of Excellence
